

# Have you ever wondered about Amateur Radio? Well then, come join the Paducah Amateur Radio Association for our annual Field Day event!

This annual event, called "Field Day" is the climax of the week long "Amateur Radio Week" sponsored by the ARRL, the national association for Amateur Radio. Using only emergency power supplies, ham operators will construct emergency stations in parks, shopping malls, schools and back yards around the country. Their slogan, "Ham radio works when other systems don't! " is more than just words to the hams as they prove they can send messages in many forms without the use of phone systems, internet or any other infrastructure that can be compromised in a crisis.

Where: Keiler Park, 2900 Broadway, Paducah  
When: June 28, 1 PM to June 29, 3 PM
